**REQUEST FOR QUOTE**  
**RFQ No. AAC-22-0004**  
**Date: April 20, 2022**

**INSTRUCTIONS TO OFFERORS**

This is an informal quotation that will not be read at public opening. The information may be publicly reviewed after award. The quotation shall include FOB destination, to include all delivery charges (if applicable). As a state agency, AAC is exempt from state and local taxes. The terms and conditions should be reviewed and understood before preparing a quotation and are available at <https://akaerospace.com/contracts/>. Quotations MUST be received in writing AND submitted to [AACProcurement@akaerospace.com](mailto:AACProcurement@akaerospace.com) not later than the above date and time. *Late proposals will not be considered.*

Quotations will be received until **5 p.m. May 4, 2022.**

**CONTRACT TYPE:**  Firm Fixed Price | **PERIOD OF PERFORMANCE:** May 6, 2022 - July 8, 2022

**BASIS OF SELECTION**

This solicitation does not guarantee that a contract will be awarded. All proposals may be summarily rejected. Our intent, however, is to select a Contractor based on the following criteria:

Price Estimate (if required with proposal). Vendor shall submit lump sum quote to complete the work.

Proposals will be evaluated per Section 1.045.c(2) of the Alaska Aerospace Regulations dated 05/17/2012.

The Payload Processing Facility (PPF) plumbing was damaged due to the incorrect shutdown of the facility many years ago. It is assumed that all the water pipes are damaged. Access to most piping is in confined spaces between the walls and the appropriate measures will need to be taken. Proposal will be for all trades required for this repair (to include drywall, electrical, etc. if applicable).

This solicitation is for the following:

- Replace water supply piping with PEX tubing and from the main building shutoff valve throughout the building.
- Black and gray water plumbing checkout for damage.
- Two options for the humidifiers. Verify the system in this scope of work interfaces with the Siemens BAS system.
  - Replace with new equivalent models.
  - Repair existing units.
- Replace the hot water tank.
- Repair the eyewash stations.
- Removal of bathroom fixtures to get to the piping behind the wall and reinstall bathroom to usable state.
- Apply heat tape to all water supply lines in the PPF
- Dispose of all garbage and removed piping.
- Verify all systems in the well-house work properly, tanks, pumps, filtration, heaters and chemical systems.
- Verify the septic system is operating correctly.

**NOTICE TO OFFERORS**

**CERTIFIED WAGES:**  ARE  ARE NOT applicable to this Contract.

**ALASKA BIDDER (OFFEROR) PREFERENCE of 5 PERCENT:**  IS  IS NOT applicable to this Contract.

**ALASKA BUSINESS LICENSE:** If any portion of a business activity occurs within the State of Alaska then the expectation, per Alaska Statutes(law), is the business will have an Alaska Business License.

**CONFLICT OF INTEREST:** Each offeror has the responsibility to disclose to the Contracting Officer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest. The Chief Executive Officer (CEO) of Alaska Aerospace reserves the right to consider a proposal non-responsive or cancel the award if any interest disclosed from any source could give the appearance of a conflict. The CEO's determination regarding any questions of conflict of interest shall be final.
